Dear Parishioners,

Wishing you a joyful Easter. I would like to give you an update on the progress of the church renovation project. The Vestry decided to renovate the Nave as a result of the restrictions due to the Covid 19 pandemic. Due to the configuration of the pews and safe distance requirements, we had to create an environment that allowed us to adapt. Initially, we thought that we might be completed by Easter Sunday, but construction issues and delivery of materials have slowed our completion.

Phase one of the project was demolition and removal of the pews.

Phase two included painting our Nave and building a platform, for our new Altar and Pulpit, using wood cut from the pews.

Phase three, currently in progress, is rebuilding our Sacristy. It should be completed by next week.

Phase four will be started next with the replacement of the flooring.

As you can see, we have been very busy. While the construction is underway, new furniture is being ordered. We have engaged local artisans to assist in the design and construction of our new Altar, Pulpit and other furnishings.

Please be patient as we are dedicated to ensuring that things are being done correctly. We pledged to be transparent in this process, so I have given you weekly updates during announcements. However, pictures are worth a thousand words.

I have received a few suggestions and would like to hear from you. Please email me with your thoughts.

Respectfully,

Bill
